SUBJECT: Amendment 18, Contract A-101

TO: Contracting Officer

Reference my telephone conversation with on 14 May 1959 in regard to the subject amendment which still includes a FOG requirement for five each "L" Racks under paragraph F.4.e.

25X1A

The requirement for "L" Racks was cancelled by both Project and FOG about March 1958. Engineering and manufacturing difficulties had a bearing in this decision. The attached memorandum is therefore being signed contingent upon Amendment 18 being corrected to reflect a deletion of "L" Rack requirements for FOG.
